

FR Today

Ensure Regulatory
Compliance
Subscribe Today –
Only \$199 per year*

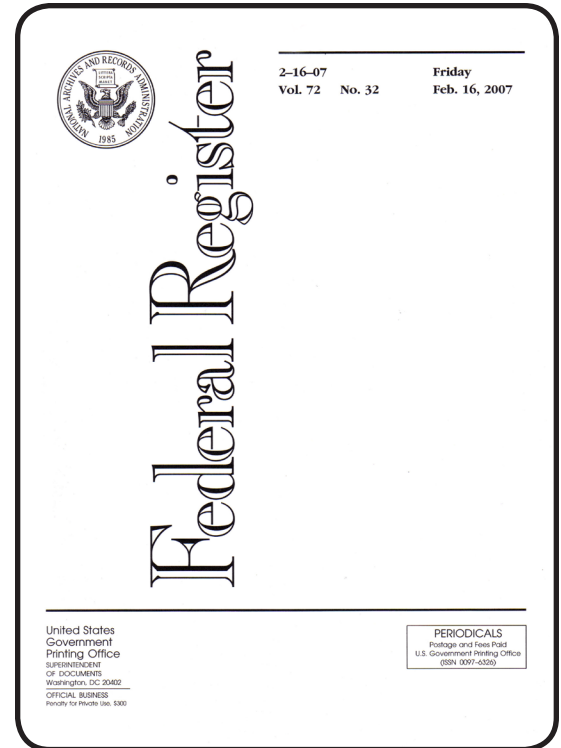

FR Today is Pike & Fischer's automatic daily e-mail alert service that lets you know every time rule changes and notices affecting the inorganic fertilizer industry appear in the Federal Register. On the same day that a pertinent item appears in the Federal Register, you receive an e-mail message containing a summary of the item and a link to the full text as published in the Federal Register. And with *FR Today's* subject matter profiling, you receive only the information you need. Subscribers may also browse an archive of the past 20 issues of *FR Today*.

The **FR Today Major Fertilizers Profile** alerts you to Federal Register publication of rule changes, summaries, and notices relating to fertilizer from all federal agencies and departments. Whenever an item relevant to the fertilizers listed below appears in the Federal Register, you receive an e-mail message containing a summary of the item and a link to its full text, in HTML and PDF formats.

Fertilizers covered include:

- Ammonia
- Ammonium
- Crop input
- Fertilizer
- Nitrate
- Nitric
- Nitrogen
- Phosphate
- Phosphorous
- Phosphorus
- Plant food
- Potash
- Potassium
- Sulfate
- Sulfur
- Sulfuric
- Sulphur
- Sulphuric
- Urea
